PRESIDENT'S LETTER

Greetings All,

We got a lot of promotional items prepared at the last meeting to pass out - Now let's make sure to get them out to as many locations as possible. Try to make it as convenient as possible for yourself - like dropping them off at locations while you are out and about or unless you want to allocate a specific time and make your rounds to places you have targeted - but do make the effort to place them around your community. We will have more available at the next meeting and also remember to bring magazines that you do not intend to keep for our distribution project.

Examples: Barbers, Hair Solons, Doctors or Dentist offices, Tire Shoppes, Automotive Shoppes, Brake Shoppes, to individuals, etc.

This month we have the Longwood car show as our activity. Also make note of guest speakers, stories you may have, interesting item that you may want to relate or automotive services that you can recommend for needs in our hobby.

Best Regards,
 Mickey Bryant

**1911 Indianapolis 500 –
Stoddard-Dayton Model 11-A**

Like many entrepreneurs of the era, Indianapolis Motor Speedway founder Carl G. Fisher was multitalented. Part daredevil, businessman, speed freak, and promotional huckster, Fisher signed on as a dealer with the Stoddard-Dayton Company around the turn of the century. Fisher chose the marque to pace the first official Indianapolis 500, held on May 30, 1911.

Designed by British engineer H.J. Edwards, the car's 251-cubic-inch inline-four produced 40 horsepower and is claimed by some authorities to be the first hemispherical-head engine produced in America. Fisher drove the vehicle himself.

Paul and Susan Levine are new to Orlando from Charlottesville Va. They are proud owners of a beautiful 1934 Buick 66C convertible.
